# Aarav Mehta

**Entry-Level AI/ML Engineer**

Mumbai, India | aarav.mehta@example.com | +91 90000 10001

## PROFESSIONAL SUMMARY

Motivated fresher interested in building practical AI solutions. Familiar with machine learning concepts, deep learning workflows, and model evaluation.

## TECHNICAL SKILLS

Machine Learning, Deep Learning, TensorFlow, Python, SQL, Data Preprocessing, Model Evaluation

## PROJECTS

**Student Performance Prediction**

Built a small machine learning project to estimate student performance from study and attendance data. Cleaned data, trained a model, and compared evaluation results.

**Image Classification Practice**

Used TensorFlow to explore a basic deep learning image-classification workflow and document model accuracy.

## EDUCATION

Diploma / Undergraduate Studies in Computer Engineering | 2024–2027

## EXPERIENCE

Academic Projects | 2025–2026 — Practised data preparation, model training, and explaining results in clear project notes.
